

Community

CCNC is involved in the community. The club **supports a charity** every year through fundraising activities. See more information on the charity under the **About us** page. Also, working with the group Soldiers' Angels and volunteering at the food bank are two ways members work for the community, which you can read about here.

Food Bank

The Men's Group volunteers with the Food Bank of Clark County every Thursday at 11 a.m. Check the activities tab for contact information.

Cultural events

Check through the cultural activities each month in our listings to see what kinds of things you can do that focus on theater, music, art, and more.

Community resources

Use the community links page to find other websites that might be of practical help to you as your questions or needs arise.
